ANNUAL DIVISION OF PROFITS.
GREAT BRITAIN MUTUAL LIFE ASSURANCE SOCIETY, 11, Waterloo-place, and 88, King William-street, City.
THE CHISHOLM, Chairman.
RICHARD HARTLEY KENNEDY, Esq., Deputy Chairman.
The Annual General Meeting of this Society was held on the 22nd of May, when a Report of the business for the last year was presented, exhibiting a statement of most satisfactory progress,—the new policies issued exceeding by one-third the number of those of 1846 and the claims being fully one-fourth under the estimate. After considering a very careful valuation of assets and liabilities, it was resolved to allow a reduction of 20 per cent on the Premium payable on all Policies on the participating scale, on which five or more annual payments had been previously made.
Credit is allowed for half the Annual Premiums for the first five years.
The following table exemplifies the effect of the present reduction:—

Age when Assured.	Amount Assured.	Annual Premium hitherto paid.	Reduction of 20 per Cent.	Annual Premium now payable.

CHURCH and CHAPEL ARCHITECTURE, from the Earliest Period to the Present Time, with an Account of the Hebrew Church. To which are added, One Thousand Authenticated Mouldings, selected from the best examples which this country contains.
By ANDREW TRIMEN, Architect.
"That which would alone give a character to this little work, extending volume, and make it valuable to all lovers of architecture, is the fifty-three plates of one thousand mouldings collected by the author during the last twenty years from twenty-seven counties of England. They are arranged in their proper chronological order, and so far as possible in a regular series, and are as well executed as to leave nothing more to be desired. They are a library of reference in themselves, and are worth more in themselves than the whole cost of the book. Our space alone precludes us from any further expressions of approbation."—*Church of England Quarterly Review.*
